

Remote Education

If your child does not have digital access at home please let us know as soon as possible. We will then provide an electronic device.

Learning to be set

- ✓ The work set will reflect the appropriate curriculum for your child. It will consist of new learning that the children would ordinarily be learning in school.
- ✓ The amount of time to be spent on each subject daily is as follows:

*1 hour literacy

*1 hour maths

*1 hour topic - KS1

*2 hours topic - KS2

- ✓ A video for each subject will be uploaded onto Class Dojo by 6pm the following evening,

which will model the new learning that the children will need to complete the tasks set.

Engagement

- ✓ Children's engagement in learning will be checked daily and teachers will acknowledge this by using the like function on Class Dojo or by awarding Class Dojo points.
- ✓ If children are not engaging with their learning parents will be informed immediately.

Feedback

- ✓ Teachers will include answers for the previous days learning, so that parents can mark their child's learning with them.
- ✓ Detailed feedback will be given once a week through Class Dojo.

Well-being Check

- ✓ Teachers will phone those children who are working from home at least once a week to talk about their learning.
- ✓ Teachers will offer the opportunity to take part in a live story time and catch up with children from their class. Details of the times that these will take place will be posted on Class Dojo.

Resources

- ✓ Resource packs will be provided for children to complete their independent work at home. These will need to be collected by parents or a member of staff will deliver these in cases where carers are shielding.
- ✓ In exceptional circumstances where children are unable to access the internet or a device, hard copies will be provided and sent home.
- ✓ If you require further resources, parents are advised to call the school to arrange collection.
