

Topic

Coastlines

The children will be finding out about the seaside and creatures you find in the sea. We will also be visiting Hunstanton and the Sealife centre as part of this topic. The topic will involve finding out about the world around us, getting involved in scientific enquiry, artistic expression and developing gross motor skills.

Key skills we are working on:

Making choices

Embedding routines

Joint attention

PSHE

The children play social skills games to develop their ability to take turns and share.

All children have individual life skills targets.

Online Safety

Learning to use our iPads safely.

The Rocket ASD Hub

Apollo class Autumn Term

Literacy

The children across the Rocket are split into ability groups so that they can be taught Literacy skills at the appropriate level for them.

Every day we practice our writing and fine motor skills. The focus is also on phonics, reading and comprehension skills.

Mathematics

The children across the Rocket are split into ability groups so that they can be taught Maths skills at the appropriate level for them.

Practical maths equipment and IT are used most days.

Staff

Mrs K. Rudd (Teacher and Hub Manager)

Mrs T. Back (Teaching Assistant)

Mrs J. Travers (Higher Level Teaching Assistant)

PE

Our daily sessions focus on:

Sensory circuits

Ball Skills

Dance

Movement

All of the children have individual support plans which are shared with parents each term.

These show the outcomes that each child is working on and how parents can support this at home.

Speech, Language and Communication

Talk Boost programme.

Colourful Semantics

Individual SALT targets
